Mr. Stuart Ishimaru  
Assistant Counsel  
Subcommittee on Civil and Constitutional Rights  
Committee on Judiciary  
House of Representatives  
Washington D.C. 20515

Dear Mr. Ishimaru:

This is in response to your request that the Agency declassify certain remarks made by Congressmen Edwards and Kastenmeier in the 7 February 1984 hearing held on unauthorized disclosures. As you are aware, this Agency has been working for several months with the Subcommittee on Civil Service of the House Post Office and Civil Service Committee to declassify portions of the transcript of the 7 February 1984 hearing. The Staff Director for that Subcommittee, Andrew Feinstein, had initially agreed to delete the remarks in question. However, I understand that the Congressmen may wish to have those remarks inserted into the unclassified transcript to be published. I am therefore enclosing a redacted version of their remarks. The portion of their statements that has been deleted are considered classified.

If you have any further questions or concerns, please give me a call at
